Village _____

Local Law No. _____ 3 _____ of the year 19.98.

A local law regulating the use of public and private sewers and drains,
(Insert Title)
private sewage disposal, the installation and connection of
building sewers, and the discharge of waters and wastes into
the public sewer system; and providing penalties for violation
thereof; in the Village of Watkins Glen, Schuyler County, New
York.

Be it enacted by the _____ Board of Trustees _____ of the
(Name of Legislative Body)

County _____
City of _____ Watkins Glen _____ as follows:
Town _____
Village _____

This Local Law shall replace Ordinance #152, an ordinance relating to sewer use within the Village of Watkins Glen.

SECTION 1. DEFINITIONS. Unless the context specifically indicates otherwise, the meaning of terms used in this Local Law shall be as follows:

a. "B.O.D." (denoting Biochemical Oxygen Demand) shall mean the quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in 5 days at 20 degrees C expressed in parts per million by weight.

b. "Building Drain" shall mean that part of the lowest horizontal piping of a drainage system which receives the discharge from soil waste, and other drainage pipes with the walls of the building and conveys it to the building sewer beginning 5 feet outside the inner face of the building wall.

c. "Building Sewer" shall mean the extension from the building drain to the public sewer or other place of disposal.

d. "Garbage" shall mean solid wastes from the preparation, cooking and dispensing of food, and from the handling, sale and storage of produce.

e. "Industrial Wastes" shall mean the liquid wastes from industrial processes as distinct from sanitary wastes.

f. "Natural Outlet" shall mean any outlet into a watercourse, pond, ditch, lake or other body of surface or ground water.

(If additional space is needed, attach pages the same size as this sheet, and number each.)

g. "Person" shall mean any individual, firm, company, association, society, corporation or group.

h. "pH" shall mean the logarithm of the reciprocal of the weight of hydrogen ions in grams per liter of solution.

i. "Property Shredded Garbage" shall mean the wastes from the preparation, cooking and dispensing of food that has been shredded to such degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than 1/2 inch in any dimension.

j. "Public Sewer" shall mean a sewer in which all owners of abutting properties have equal rights, and is controlled by public authority.

k. "Sanitary Sewer" shall mean a sewer which carries sewage and to which storm, surface and ground waters are not admitted.

l. "Sewage" shall mean the combination of the water-carried wastes from residences, business buildings, institutions and industrial establishments, together with such ground, surface and storm waters as may be present, and which may include liquids containing chemicals.

m. "Sewage Treatment Plant" shall mean any arrangement of devices and structures used for treating sewage.

n. "Sewage Works" shall mean all facilities for collecting, pumping, treating and disposing of sewage.

o. "Sewer" shall mean a pipe or conduit for carrying sewage.

p. "Shall" is mandatory; "May" is permissive.

q. "Storm Sewer" or "Storm Drain" shall mean a sewer which carries storm and surface waters and drainage, but excludes sewage and industrial wastes.

r. "Suspended Solids" shall mean solids that either float on the surface of, or are in suspension in water, sewage or other liquids, and which are removable by laboratory filtering.

s. "Village" shall mean the Village of Watkins Glen, 303 N. Franklin Street, Watkins Glen, New York; or the authorized deputy, agent or representative of the Village of Watkins Glen, New York.

t. "Watercourse" shall mean a channel in which a flow of water occurs, either continuously or intermittently.

SECTION 2. USE OF PUBLIC SEWER REQUIRED.

a. It shall be unlawful for any person to place, deposit or permit to be deposited in an unsanitary manner upon public or private property within the Village of Watkins Glen, or in any area under the jurisdiction of said Village any human or animal excrement, garbage or other objectionable waste.

b. It shall be unlawful to discharge to any natural outlet within the Village of Watkins Glen, or in any area under the jurisdiction of said Village any sanitary sewage, industrial wastes, or other polluted water, except where suitable treatment has been provided in accordance with subsequent provisions of this Local law.

c. Except as hereinafter provided, it shall be unlawful to construct or maintain a privy, privy vault, septic tank, cesspool or other facility intended or used for disposal of sewage.

d. The owner of all houses, buildings or properties used for human occupancy, employment, recreation or other purpose, situated within the Village of Watkins Glen is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the proper public sewer in accordance with the provisions of this Local Law, within 90 days of the date of official notice to do so, provided that said public sewer is accessible and available as follows: For a one or two-family dwelling, a public sewer shall be deemed available when such sewer is within 100 feet of the premises on which the dwelling is located. For buildings of any other occupancies, a public sewer shall be deemed available when such sewer is within 500 feet of the premises on which the building is located.

e. Nothing contained herein shall be construed as to require the Village to bring any existing public sewer line to a distance within 100 feet of any existing or proposed residence or within 500 feet of any other building.

SECTION 3. PRIVATE SEWAGE DISPOSAL.

a. Where a public sanitary or combined sewer is not available under the provisions of Section 2 (d), the building sewer shall be connected to a private sewage disposal system complying with all regulatory provisions of the State Building Code, the Schuyler County Watershed Authority, and all other health and environmental agencies with regulatory authority. The private sewage disposal system shall be constructed at the sole cost and expense of the owner.

b. Before commencement of construction of a private sewage disposal system the owner shall first obtain a written digging permit signed by the Village if any digging is necessary within the Village right-of-way. The application for such permit shall be made on a form furnished by the Village, which the applicant shall supplement by any plans, specifications or other information as deemed necessary by the Village.

c. The type, capacities, location and layout of private sewage disposal systems shall comply with all recommendations of the agencies stated in Section 3 (a).

d. At such time that a public sewer becomes available to a property served by a private sewage disposal system, as provided in Section 2 (d), a direct connection shall be made by the owner to the public sewer in compliance with this Local Law, and any septic tanks, cesspools, and similar private disposal facilities shall be abandoned.

e. The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times, at no expense to the Village, unless otherwise indicated in prior arrangements or agreements.

f. No statement contained in this article shall be construed to interfere with any additional requirements that may be imposed by the Health Officer, Code Enforcement Officer, Watershed Authority or Environmental Regulatory Agencies.

SECTION 4. BUILDING SEWER AND CONNECTIONS.

a. No unauthorized person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written digging permit from the Village.

b. Any new installation, alteration, repair, or connection made to any building sewer or building drain shall be inspected by the Village or its representative prior to backfill.

c. All costs and expense incident to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify the Village for any loss or damage that may directly or indirectly be occasioned by the installation or repair of the building sewer.

d. All costs and expense incident to the repair of a building sewer, when such repair is made by the Village in the interest of public health and welfare, shall be borne by the owner.

e. A separate and independent building sewer line shall be provided for every building except where otherwise permitted by the Village; except where one building stands at the rear of another on an interior lot and no public sewer is available or cannot be constructed to the rear building through an adjoining alley, court, yard, or driveway, the building sewer from the front building may be extended to the rear building and the whole considered one building sewer.

f. Old building sewers may be used in connection with new buildings only when they are found on examination and test by the Village to meet all requirements of this Local Law and the State Building Code.

g. The building sewer shall be constructed of PVC pipe and fittings. Sizes 4' through 15" shall be SDR 35 conforming to ASTM D-3034, with rubber gasketed joints conforming to ASTM D-3212 and ASTM F-477. PVC pipe and fittings in sizes 18' through 27' shall be as above except conforming to ASTM F-679. Other material may be used only when specifically approved by the Village. Under no circumstances shall used plumbing materials be installed.

h. The size and slope of the building sewer shall be subject to the approval of the Village Code Enforcement Officer, and in no event shall the diameter be less than 4 inches. The slope shall preferably be at least 1/4" per foot and shall not be less than one-eighth inch per foot.

i. No building sewer shall be laid parallel to or within 3 feet of any bearing wall, which may thereby be weakened. The depth shall be sufficient to afford protection from frost. The building sewer shall be laid at uniform grade and in straight alignment in so far as possible. Changes in direction shall be made with 45 degree bends; long sweep quarter bends; sixth, eighth or sixteenth bends or a combination of these. Where the direction of flow is from the horizontal to the vertical, sanitary tees, quarter bends, and one-fifth bends shall be used. It is recommended that a cleanout be installed in an accessible location inside the building, or preferably outside the building on the building drain or building sewer. For outside installations, a sanitary tee is recommended.

j. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such drain shall be lifted by artificial means, approved by the Village, and discharged to the building sewer.

k. All excavations required for the installation of a building sewer shall be open trench work unless otherwise approved by the village. Pipe laying and backfill shall be performed in accordance with the Village "Standard Specifications, dated July 1995," which is available at the office of the Village Superintendent or the Village Wastewater Department. No backfill shall be placed until the work has been inspected and approved by the Village.

l. All joints and connections shall be made gas-tight and water-tight, using required PVC fittings or Fernco-type flexible couplings.

m. The connection of the building sewer to the public sewer shall be made at the wye branch if such branch is available at a suitable location. If no properly located wye branch is available the owner shall, at his expense, install a wye branch in the public sewer at the location specified by the Village, or bore through the public sewer and install a saddle wye approved by the Village. Special fittings may be used for the connections only when approved by the Village, and under no circumstances shall a protruding tap be permitted to enter the public sewer.

n. The applicant for the digging permit shall notify the Village when the building sewer is ready for inspection and connection to the public sewer. This connection shall be made under the supervision of the Village superintendent or his representative.

o. All excavations for building sewer installation shall be in accordance with: (1) the Village digging permit (Local Law No. 1 of 1997) and (2) the Village "Standard Specifications dated July 1995."

p. Prior to backfill, a tracer wire shall be placed over the entire building sewer and building drain. The tracer wire shall remain at the center line of the pipe and shall terminate above ground level on the outside of the building wall. During backfill, warning tape clearly marked "Sewer" shall be placed over any exposed public sewer, building sewer, or building drain.

SECTION 5. USE OF PUBLIC SEWERS.

a. No person shall discharge or cause to be discharged any storm water, surface water, ground water, roof run-off, subsurface drainage, cooling water or unpolluted industrial process waters to any sanitary sewer.

b. Storm water and any other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers or to a natural outlet approved by the Village. Industrial cooling water or unpolluted process waters may be discharged, upon approval of the Village, to a storm sewer or natural outlet.

c. Except as hereinafter provided, no person shall discharge or cause to be discharged any of the following described waters or wastes to the public sewers:

1. Any liquid or vapor having a temperature higher than 140 degrees F.
2. Any water or waste which may contain more than 100 parts per million, by weight, of fat, oil or grease, unless an approved interceptor is installed as stated herein.
3. Any gasoline, fuel oil, kerosene, benzene, naphtha, or other flammable or explosive liquid, solid or gas.
4. Any garbage that has not been properly shredded.
5. Any ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, paunch manure, or any other solid or viscous substance capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewage works.

6. Any waters or waste having a pH lower than 5.5 or higher than 9.0, or having any other corrosive property capable of causing damage or hazard to structures, equipment, or personnel of the sewage works.
7. Any waters or waste containing a toxic or poisonous substance in sufficient quantity to injure or interfere with any sewage treatment process, or which constitutes a hazard to humans or animals, or creates any hazard in the receiving waters of the sewage treatment plant.

Waters or wastes containing certain substances shall be regulated as to the concentration limits at the point of entry into the public sewer. Prior approval by the Village shall be required for any water or waste including, but not limited to, the following: Arsenic, Available Chlorine, Barium, Cadmium, Chromium, Copper, Cyanide-Free, Cyanide-Complex, Fluorides, Gold, Lead, Manganese, Mercury, Molybdenum, Nickel, PCB's, Phenol, Selenium, Silver, Sulfides, Vinyl Chloride, Zinc.

8. Any waters or waste containing suspended solids of such character and quantity that unusual attention or expense is required to handle such materials at the sewage treatment plant.
9. Any noxious or malodorous gas or substance capable of creating a public nuisance.

d. Grease, oil, and sand interceptors shall be provided at the owners expense when, in the opinion of the Village, they are necessary for the proper handling of liquid waste containing grease in excessive amounts, or flammable waste, sand or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All commercial establishments which prepare food shall have a grease interceptor. All interceptors shall be of a type and capacity approved by the Village and shall be located to be readily and easily accessible for cleaning and inspection. Grease and oil interceptors shall be constructed of impervious materials capable of withstanding abrupt and extreme changes in temperature. They shall be of substantial construction, water-tight, and equipped with easily removable covers which when bolted in place shall be gas-tight and water-tight.

e. Where installed, all grease, oil and sand interceptors shall be maintained by the owner, at his expense, in continuously efficient operation at all times.

f. The admission into the public sewers of any water or waste having: (1) a 5-day BOD greater than 300 ppm by weight, or (2) containing more than 350 ppm by weight of suspended solids, or (3) containing any quantity of substances having the characteristics described in Section 5 (c), or (4) having an average daily flow greater than 2% of the average daily sewage flow of the Village, shall be subject to review by the Village. Where necessary, in the opinion of the Village, the owner shall provide, at his expense, such preliminary treatment as may be necessary to: (1) reduce the BOD to 300 ppm and the suspended solids to 350 ppm by weight, or (2) reduce the concentration limits of any substance listed in Section 5 (c)(7) to an amount approved by the Village, or (3) control the quantities and rates of discharge of such water or waste. Plans, specifications, and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the Village and any health or environmental agencies with regulatory authority, and no construction of such facilities shall be commenced until said approvals are obtained in writing.

g. Where preliminary treatment facilities are provided for any water or waste, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.

h. When required by the Village, the owner of any property served by a building sewer carrying industrial waste shall install a suitable control manhole in the building sewer in order to facilitate observation, sampling, and measurement of the waste. Such manhole shall be safely located and accessible, and shall be constructed in accordance with plans approved by the Village. The manhole shall be installed and maintained by the owner at his expense, and shall be safe and accessible at all times.

i. All measurements and analyses of the characteristics of water and waste to which reference is made in Section 5(c) and 5 (f) shall be determined in accordance with "Standard Methods for the Examination of Water and Wastewater," latest edition, and shall be determined at the control manhole provided for in Section 5(h), or upon suitable samples taken at the control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer from the point where the building sewer is connected.

j. No statement in this article shall be construed as to prevent any special agreement or arrangement between the Village and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the Village for treatment, subject to payment therefore by the industrial concern.

SECTION 6. PROTECTION FROM DAMAGE.

No person shall maliciously, willfully, or with criminal negligence break, damage, destroy, uncover, deface or tamper with any structure, appurtenance, or equipment which is a part of the Village sewer works. Any person violating this provision shall be liable to prosecution for criminal mischief as provided in the Penal Law of the State of New York.

SECTION 7. POWERS AND AUTHORITY OF INSPECTORS.

The Village or its duly authorized employees and representatives of Federal or State regulatory agencies bearing proper credentials and identification shall be permitted to enter upon all properties for the purposes of inspection, observation, measurement, sampling and testing, in accordance with the provision of this Local Law.

SECTION 8-A. SEWER USER RATES.

a. A sewer user charge is hereby established for each unit having a sewer service available and connected to the Village sewer system.

b. Sewer user charges shall be assessed against each unit based on the cubic feet of water consumed by said unit on a monthly basis which charge shall be billed on a monthly basis. The charge shall be as stated on Schedule A, and as may be from time-to-time amended by resolution of the Board of Trustees of the Village.

c. Each sewer connection shall be considered one unit, whether it be a single family residence, apartment, rooming house, restaurant, hotel, trailer, commercial, industrial or institutional establishment.

d. Establishments using water not entering the sanitary sewer will not be charged for such sewer usage where separate water meters are provided. Where unmetered well water or water from any source other than the Village is used, and discharged to the public sewer, an estimate will be made and charges made in accordance with Schedule A.

e. All sewer user charges shall constitute a lien upon the real property upon which they are imposed, as may be in accordance with Article 14 Section 1400 of the General Municipal Law of the State of New York.

SECTION 8-B. SEWER RENTS.

a. A sewer rent is hereby established for each unit having a sewer service available and connected to a structure on the property. In the event of a disconnection for a period in excess of 90 days, sewer rents shall cease to be charged for the subject property. Upon connection or reconnection, a fee shall be charged to the property owner in an amount from time-to-time determined by resolution of the Village Board of Trustees.

b. The monthly sewer rental charge for each unit which is located within the geographical boundaries of the Village of Watkins Glen shall be as stated on Schedule A, as may be from time-to-time amended by resolution of the Board of Trustees of the Village. Monthly sewer rental charges for each unit which is located outside of the geographical boundaries of the Village will be as agreed upon in writing between the Village and the owner of the unit or the Sewer District within which the unit is located. The charges herein provided for shall be payable as part of the monthly billing of the user.

c. The rents hereby established are in addition to the sewer user charges established by Section 8-A of this Local Law.

d. The sewer rental charge shall be for the benefit of the public sewer of the Village of Watkins Glen, New York and each and every part thereof together with the necessary appurtenances thereto including, but not by way of limitation, pumping stations and a sewage treatment plant.

e. All sewer rental charges shall constitute a lien upon the real property upon which they are imposed, as may be in accordance with Article 14 Section 1400 of the General Municipal Law of the State of New York.

SECTION 8-C. LATE PAYMENT PENALTIES.

a. There will be a late payment penalty for all sewer user rates and sewer rents which are not paid by the date as shown on the billing statement.

b. The amount of the penalty shall be as stated on Schedule A, and as may be from time-to-time amended by resolution of the Board of Trustees of the Village.

c. All sewer user rate and sewer rental penalties charged pursuant hereto shall constitute a lien upon the real property upon which they are imposed, as may be in accordance with Article 14 Section 1400 of the General Municipal Law of the State of New York.

SECTION 9. INDUSTRIAL COST RECOVERY.

a. The Village will cooperate with the Federal Government, its departments or agencies, in meeting the requirements of industrial cost recovery as required by the government, the departments or the agencies.

b. It will be mandatory for any present or future industrial users to participate in the industrial cost recovery requirements of the Federal Government. The industrial users must comply with the statutes, rules and regulations of the Federal Government and its departments and agencies as they pertain to industrial cost recovery and must work with the village in so complying.

SECTION 10. PENALTIES.

a. Any person found to be violating any provision of this Local Law except Section 6 (a) shall be served by the Village with written notice stating the nature of the violation and providing a reasonable time limit, as determined by the Village, for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease all violations.

b. Any person who shall continue any violation beyond the time limit provided for in Section 10 (a) shall be liable to prosecution of charges as provided in the Penal Law for Violations, and shall be subject to the fines and penalties prescribed by the Penal Law for Violations. Each week in which any such violation shall continue shall be deemed a separate offense.

c. Any person violating any of the provisions of this Local Law shall become liable to the Village for any expense, loss or damage occasioned the Village by reason of such violation.

d. The Code Enforcement Officer of the Village of Watkins Glen shall have the responsibility and authority to enforce this Local Law.

SECTION 11. VALIDITY.

a. Ordinance 144 is hereby repealed.

b. Ordinance 152 is hereby repealed.

c. All other Ordinances, Local Law, or parts thereof in conflict herewith are repealed.

d. The invalidity of any section, clause, sentence or provision of this Local law shall not affect the validity of any other part of this Local Law which can be given effect without such invalid part or parts.

SECTION 12. EFFECTIVE DATE.

This Local Law shall be in full force and effect immediately upon filing in the Office of the Secretary of State.

SCHEDULE A

SEWER USER RATES (SECTION 8-A)

0-300 cu. ft. minimum charge per month = \$6.00

Over 300 cu. ft. per month = 3.81 per 100 ft.

SEWER RENTS (SECTION 8-B)

Each Unit = \$4.00 per month

LATE PAYMENT PENALTIES (SECTION 8-C)

One time 10% computed on the delinquent sewer user rates and sewer rents.

These rates may be from time to time amended by resolution of the Board of Trustees of the Village of Watkins Glen.

(Complete the certification in the paragraph that applies to the filing of this local law and strike out that which is not applicable.)

1. (Final adoption by local legislative body only.)

I hereby certify that the local law annexed hereto, designated as local law No.3..... of 19.98.. of the ~~(County)~~(City)(Town)(Village) ofWatkins Glen..... was duly passed by theBoard of Trustees..... on May 4,1998, in accordance with the applicable provisions of law.
(Name of Legislative Body)

2. (Passage by local legislative body with approval, no disapproval or repassage after disapproval by the Elective Chief Executive Officer*.)

I hereby certify that the local law annexed hereto, designated as local law No. of 19..... of the (County)(City)(Town)(Village) of was duly passed by the on 19 .., and was (approved)(not approved)(repassed after disapproval) by the and was deemed duly adopted on 19...., in accordance with the applicable provisions of law.
(Name of Legislative Body)
(Elective Chief Executive Officer)*

3. (Final adoption by referendum.)

I hereby certify that the local law annexed hereto, designated as local law No. of 19..... of the (County)(City)(Town)(Village) of was duly passed by the on 19...., and was (approved)(not approved)(repassed after disapproval) by the on..... 19.... . Such local law was submitted to the people by reason of a (mandatory)(permissive) referendum, and received the affirmative vote of a majority of the qualified electors voting thereon at the (general)(special)(annual) election held on 19...., in accordance with the applicable provisions of law.
(Name of Legislative Body)
(Elective Chief Executive Officer)*

4. (Subject to permissive referendum and final adoption because no valid petition was filed requesting referendum.)

I hereby certify that the local law annexed hereto, designated as local law No. of 19..... of the (County)(City)(Town)(Village) of was duly passed by the on 19...., and was (approved)(not approved)(repassed after disapproval) by the on 19 Such local law was subject to permissive referendum and no valid petition requesting such referendum was filed as of 19...., in accordance with the applicable provisions of law.
(Name of Legislative Body)
(Elective Chief Executive Officer)*

* Elective Chief Executive Officer means or includes the chief executive officer of a county elected on a county-wide basis or, if there be none, the chairperson of the county legislative body, the mayor of a city or village, or the supervisor of a town where such officer is vested with the power to approve or veto local laws or ordinances.

5. (City local law concerning Charter revision proposed by petition.)

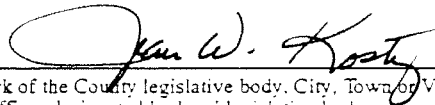

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 19____ of the City of _____ having been submitted to referendum pursuant to the provisions of section (36)(37) of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of such city voting thereon at the (special)(general) election held on _____ 19____, became operative.

6. (County local law concerning adoption of Charter.)

I hereby certify that the local law annexed hereto, designated as local law No. _____ of 19____ of the County of _____ State of New York, having been submitted to the electors at the General Election of November _____ 19____, pursuant to subdivisions 5 and 7 of section 33 of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of the cities of said county as a unit and a majority of the qualified electors of the towns of said county considered as a unit voting at said general election, became operative.

(If any other authorized form of final adoption has been followed, please provide an appropriate certification.)

I further certify that I have compared the preceding local law with the original on file in this office and that the same is a correct transcript therefrom and of the whole of such original local law, and was finally adopted in the manner indicated in paragraph _____, above.

Clerk of the County legislative body, City, Town or Village Clerk
or officer designated by local legislative body
