Sheriff's Office Will Take Back Unwanted Prescription Drugs June 12th at Pancake Breakfast

Schuyler County, NY, June 1, 2022 – The Schuyler County Sheriff's Office and the Schuyler County Coalition on Underage Drinking and Drugs (SCCUDD) are encouraging community members to participate in a Drug Take Back event on Sunday, June 12, 2022. Community members can drop off their expired, unused, or unwanted medications between 8 am and 11 am at the Valois Logan Hector Fire Station located at 5736 Rte. 414 in Hector. While there you can also enjoy a great pancake breakfast.

Drug Take Back events address a vital public safety and public health issue. Pills that sit unused in homes can easily end up being abused by someone or taken accidentally by a child. Rates of prescription drug abuse in the U.S. are alarmingly high, as are the number of accidental poisonings and overdoses due to these drugs. The Substance Abuse and Mental Health Services Administration's National Survey on Drug Use and Health shows year after year that the majority of misused and abused prescription drugs are obtained from family and friends, including someone else's medication being stolen from the home medicine cabinet. Additionally, Americans are now advised that their usual methods for disposing of unused medicines—flushing them down the toilet or throwing them in the trash—both pose potential safety and health hazards.

Community members can also dispose of unwanted, expired, and unused prescription drugs year-round by using the 24/7 confidential drop boxes available at the Schuyler County Sheriff's Office (607-535-8222) in Watkins Glen or in the foyer at the Human Services Complex in Montour Falls.

SCCUDD is a group of dedicated community members, businesses, and agencies that work to prevent, reduce, and delay the onset of substance use among Schuyler County youth by collaborating with our community partners, promoting prevention education and substance-free activities, and implementing environmental strategies. SCCUDD works to reduce youth use of alcohol, tobacco, and other drugs as they can cause lifelong problems. SCCUDD's vision is a connected community where youth have education, resources, and drug-free options to help their journey to become happy, healthy adults.
